PROJECTS

Shri Shyam Interior website

📅 01/2023 - 01/2023

<https://vinay-gupt.github.io/Shri-Shyam-Decor/>

Shri Shyam Interior's e-commerce website, developed using ReactJS, offers a seamless user experience for browsing through the company's product categories. The site features straightforward scrolling functionality for easy navigation and an "Add to Cart" feature to select and save products. Users can also contact the company via the provided form.

EchoNews

📅 05/2023 - 05/2023

<https://news-eater.vercel.app/>

Experienced web developer skilled in Next.js, API integration, and responsive design. Successfully developed a responsive news website using Next.js, offering real-time updates from the Inshort News API. Implemented an intuitive navigation system allowing users to easily explore various news categories. Proficient in creating accessible and dynamic news platforms.

EXPERIENCE

Web Development Intern

[Digi-k Labs Pvt. Ltd.](#)

📅 11/2022 - 01/2023

- Collaborated with a team of developers to create responsive websites using HTML, CSS, and JavaScript, ensuring high-quality code and seamless functionality.
- Conducted thorough usability testing to identify and address any issues with website functionality and user interface, resulting in improved user experience and increased customer satisfaction.
- Worked closely with designers to ensure that websites met design specifications and provided a visually appealing and engaging user experience.
- Participated in regular code reviews, providing constructive feedback and implementing suggestions to improve the quality and maintainability of the codebase.
